Assignment 1.2

1. Name three basemaps available in an ArcGIS Online WebMap.

   Three basemaps that are available in an ArcGIS Online WebMap are Imagery, Streets, and Topographic.

2. How do you change the color pallet of a choropleth (colored polygons) map,   Create a bulleted list of the steps. Note: for this question just explain what you would click in the ArcGIS Map Viewer (eg. - Click Style, - Click +Field.)

   - Make sure the correct layer is selected
   - Click Styles
   - Under Pick a style, choose Counts and Amounts (color)
   - Click Style options
   - Click Symbol style
   - Click the Ramp under Colors
   - Choose a suitable ramp
   - Click Done
   - Exit out of Symbol style
   - Click Done -> Done
